THANKSGIVING

Pillars of Hope

5th & 6th grade students had visitors from Pillars of Hope. They introduced themselves, told us their jobs and hobbies (one of which was cooking). and gave out a booklet. We did a Hispanic Heritage Trivia quiz and a game to introduce ourselves. When they asked for questions, one question was "Can one of them cook for us?".

See Mrs.Daitz if you know it .

Halloween PJ Party

The 5th and 6th graders had a pajama party on Halloween. The scholars were encouraged to bring in snacks.

Boys and Girls Club

Here's some information.

Some activities we'll be having in the Boys & Girls club are

- Cooking
- Arts & Crafts
- Sewing
- SEL
- Cosmetology
- Character Devolopement
- Gym activities & more!

The B&G club ensures quality programs and trained people to teach your students!

The first few days, the Boys and Girls club program directors introduced themselves to the students. We divided into groups by grade, had dinner and snack then we went outside. After that we came inside and played games like Sorry and Uno.

About the principal

We interviewed the principal and these are some of the things she told us. She told us that she was a middle school teacher and then she was a vice principal and now she is the principal for school 53 Montessori academy. She also said that she went to school in the same building when it was no.37. Also both her children went to Montessori. She said being a principal is like being a parent. She said she didn't have choice about which school to be a principal.

We asked her about doing the hall of fame. She said a hall of fame would be made up of past students that are famous. Then we asked can we do a leader ship group instead. We asked her to have a principal for a day contest and she said its a good idea. We asked her about voting she said yes and she also thought about a voting booth. We asked her about voting for characters and she said that would be a great idea.
