Thanksgiving Break:

No school 26th

through 28th

English Language Arts, Writing, and Literacy

In ELA, the focus for November is letter names, letter sounds, blends, digraphs, and letter formation. We will also explore the blending of sounds to read and make words. By the end of the month, they should know all sounds, and letter names, able to identify upper- and lower-case letters. Over the thanksgiving recess continue to review letter names and sounds by playing games like I Spy or finding objects that begin with one of the sounds. Use these letters to make cvc words: ex: cat, dog, sit, ship, chip, bath, etc. In writing, we finished up our narratives. We have begun working on Informational writing. We also, talked about pumpkin life cycles. Sight word bags will be coming home, should be practiced nightly and reading their decodable books or guided reading books for continued success.

Please ask your child to tell you what they have learned!

Mathematics

In November, the focus is on counting, recognition of numerals, quantity, recognizing whether the number of objects in one group is more than, fewer than or equal to the number of objects in another group and formation of numerals. The children also focused on the teen numbers building them with the Montessori Beads. Missing number work as well. We will continue our unit on shapes, measurement, and graphing. As well as reviewing addition and subtraction, number bonds, etc.
