

School-Based Mental Health Services in the RCSD

Our mission is to promote the mental health, wellbeing, and academic achievement of RCSD Scholars in a compassionate and culturally responsive way.

What is School-Based Mental Health?

School-Based Mental Health (SBMH) is a comprehensive program that offers a range of support for our scholars' emotional, social, and behavioral well-being. SBMH partners offer counseling, therapy, and support to scholars, right at school.

SBMH Services Offered

SBMH offers a range of mental health supports and interventions to help children, youth and families become better equipped to thrive and learn.

SERVICES INCLUDE

Diagnostic
Evaluation

Youth & Family
Therapy

Group
Therapy

Parent
Support

Care
Coordination

Collaboration
with School

Our community partners accept a wide range of both public and private insurance plans.

Accessing Services

To access services, a SMH Clinic referral must be completed and submitted by a scholar's school **counselor, social worker, or nurse** at one of the sites on the opposite side of this page.

School Mental Health Clinic Locations

To access services, a SMH Clinic referral must be completed and submitted by a scholar's school counselor or school social worker.
