

Name _____

Date _____

Today we learned the different combinations that make 6! For homework, cut out the flashcards below and write the number sentences on the back that you learned today. Keep these flashcards in the place where you do your homework to practice ways to make 6 until you know them really well! As we continue to learn different ways to make 7, 8, 9, and 10 in the upcoming week, continue to make new flashcards.

*Note to families: Be sure students make each of the combinations that make 6. The number bond cards can look something like this:

Front of card

Back of card
