

# WELCOME BACK... TO VISUAL ARTS

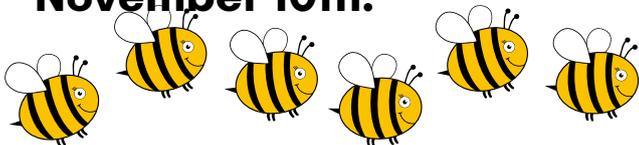

## September

### PRIMARY - PK

In keeping with the school-wide theme of **BEES**, our youngest artists created an interactive bee project so that they can hold their bee in our class **BEE PARADE**.

**FYI...All PK3s and most PK4s are in Art class for the first quarter. PK artists will switch to Library at the end of this quarter, November 10th.**

### UPPER EL

Fifth graders are designing a **Bee Collaborative Poster** using various lines and colors. This will be on display at **Open House on October 12**.

### LOWER EL

First grade artists are busy reviewing lines and painting procedures. They are learning about texture and creating textured painted paper in preparation for an upcoming project.

### MIDDLE EL

By special request... Our third grade artists wanted to create projects that involved figure drawing and drawing buildings. We dove right in, inspired by the book *Her Right Foot*, by *Dave Eggers*. We learned much about the Statue of Liberty. This watercolor project will be *Lady Liberty* in NYC, a cityscape.
